2026 .nebbia collection

There is a light
that never goes out !

Our collection is more than just a piece of design: It’s a story.
Story about czech glass blowers, story about the heat of the furnaces, the smoke, deep & dark forests, story about artisans and craftmanship. It tells the story of an old glassworks from the 18th century and how something that will last for centuries is created.

It is the story of a unique glass shapes and finishes. Found in the fog (nebel / nebbia) in the woods and mountains that surround our werk. It's the story of .nebbia

It is the story about lieb.werk´s .nebbia collection.

SKLÁRNA JÍLEK

Lieb.werk closely collaborates with one of the oldest operating glassworks factories in the Czech Republic. The glass-works was founded in 1905 by Antonín Jílek and Franz Vetter as a joint venture of a Czech and a German entrepreneur. In 1920 Franz Vetter sold his shares to the younger brother of Mr. Jilek and the blowery became Jilek Glassworks. Until its nationalization in 1945 the brothers produced luxury chandeliers and glassware for the nobility and the rich bourgeoisie.Apracticed with quiet mastery. Here, glass is not produced — it is breathed into form. Each piece they touch carries the gesture of the maker, the memory of fire, and the poetry of Bohemian tradition.

ABOUT US

lieb.werk is a group of glass, design, poetry and technology enthusiasts. Founded in 2023, its products are exclusively handmade in centuries-old glassworks in northern Bohemia / Czech Republic. All other components come solely from the European Union.

At the heart of our work lies breath, glass, fire and people. Within the historic walls of Jílek glassworks, time slows down. Techniques passed from hand to hand, generation to generation, are still practiced with quiet mastery. The Poetry of Bohemian tradition.
